

INDIVIDUAL WEBSITE PROPOSAL

FICTIONAL OBJECT WEBPAGE.

(MORE OF A PORTFOLIO PIECE THAN A PORTFOLIO PAGE)

Josephine.0

Mission

- To introduce a fictional object and make it appear to be as realistic as possible
- Showcase a wide array of design ideas and decisions (a portfolio piece)

Audience

- Inception (movie) enthusiasts
- Science fiction readers and enthusiasts
- Futuristic graphic designers

Content

- A science fiction object about dream-sharing or conscious dreaming
- Features, function, capabilities of the object
- An introduction to current brain machine interfaces and technologies
- The future / potential of these technologies

Graphics

- Visual representation of fictional object (both hand drawn and digitally rendered images)
- Labeled diagrams of the fictional object
- Explosive image showcasing product features
- Scientific symbols
- Futuristic aesthetics and graphics
- Space related visuals
- Brain MRI scans, brain related visuals

Design and Style

- Scientific / futuristic aesthetic
- Cyberpunk (really dark with pops of bright colors)
- Boxy / sharp typography
- Metallic textures
- Resembles a magazine
